1. Thank you Lord for this good day; With me you have had your say:
5
Showed the path be fore me clear, Helped me with your pre sence near. A men

2. Loving you is like a fire,
Pleasing you my one desire;
Praying, your thoughts to me flow:
Happy am I, all aglow.

3. When the morning dawns again
Will you in your servant reign?
I who was a rebel born
My old self dead, do not mourn.

4. Stay with me at every task
Needing makes me dare to ask.
Hold me God by your right hand,
That I walk by your command.

5. Perfect now your love in me;
Then a joyful captive see.
Ever from my post I'll raise
Songs of gratitude and praise.
